WHIPPED CREAM DISPENSERS

CW2

CW5

DESCRIPTION

With Stoelting's Whipped Cream Dispensers, simply pour liquid cream into the hopper and press the button to dispense perfectly whipped creme.

ITEM

- CW2
- CW5-37B

FEATURES

- Removable cream basin for easy product change and quick cleaning.
- Overrun adjustment knob allows user to customize product texture.
- Easy to use, just pour liquid cream into the hopper, and press the dispense button.
- Consistent product texture and structure using heavy or thin cream with minor part change.
- Electronic control allows pre-set dispensing time for similar portions with every serving.
- Electronic temperature control is adjustable for various product requirements.
- All controls and indicators conveniently grouped in a single panel, on the front of the unit.
- Two modes of operation: manual and timed.
- Product stored at safe temperature in hopper for off-cycle periods and kept ready to freeze on-demand.
- No chemical additives or propellants.

Every machine includes Stoelting's White Glove Service. One call does it all – customer service, technical service, parts or warranty information, installation, startup, sales, on-site service dispatch and much more. Available 24 hours a day, seven days a week year-round.

Continuous research leads to ongoing product improvements; therefore, these specifications are subject to change without notice and should not be used as installation specifications.
